

Watercolor Flower

Grade: 6 +

Time: 30 min – 1 hr

Materials: watercolor paint
watercolor brush

*** To work with watercolor paint, brushes must be wet ***

Steps: 1) Draw a BIG flower on your page and make it dark.

2) To fill in or color the petals, wet brush with lots of water and apply paint into brush.

3) Apply the wet paint inside the petals

4) You can experiment with the watercolor since it is tricky to work with on another piece of paper if you like.

5) Once you are done with this flower, add some more flowers behind the flower.

6) Also add some more flowers , petals, or leaves in the artwork.
